

Stakeholder Meeting & Workshop: "Strategy for the Organic & Printed Electronics in Greece"

Sunday, 11 July 2010

Alexandros Palace Hotel, Ouranoupolis, Halkidiki
(<http://isfoe.physics.auth.gr/stakeholder.html>)

AGENDA

- 11:30** Registration
- 12:00** Welcome and Opening Remarks
- 12:15** "Landscape of Organic & Printed electronics in Europe",
Dr. Bertrand Fillon, CTO of CEA/LITEN
- 12:40** "European RTD activities in Organic & Printed Electronics",
Prof. Georges Hadziioannou, University of Bordeaux/ CNRS
- 13:05** "Smart textile EU initiatives"
Dr. Andreas Lymberis, European Commission, Information Society & Media Directorate-General Micro Systems, Belgium
- 13:30** "Greek RTD activities in Organic & Printed Electronics",
Prof. S. Logothetidis, Aristotle University of Thessaloniki-AUTH
- 14:00** "Novel Technology Enterprises for Technology Emerging Economies and their Benefits for the Region",
Dr. P. Giannoulis, VP INTECS, Germany
- 14:30** Lunch break
- 15:30** "Can the use of Organic Electronics create a competitive advantage for the Greek Textile & Fiber Industry?"
A. Kalantzis, General Director, Clothing Textile & Fibre Technology Development Company
- 15:45** "Research Commercialization in Organic Electronics- the case study of Greek spin-off ADVENT"
Prof. J. Kallitsis & Dr. V. Grigoriou, CEO ADVENT
- 16:00** Panel Discussion
- 18:00** End of Workshop
