

Industrial Scale Production of Barrier Films For Roll To Roll Processible Electronics

Wolfgang Lohwasser
Alcan Technology & Management Ltd.
Badische Bahnhofstrasse 16, CH-8212 Neuhausen, Switzerland

Alcan Packaging has more than 10 years industrial experience in vacuum roll to roll coating of oxide barrier films. This experience combined with the roll to roll processing know how of our packaging experience enables us to Ultra Barrier material in industrial scale. The presentation will cover some vacuum processing insights, together with the lamination and wet coating processes for the production of suitable ultra barrier structures. We will also present our printing capabilities, suitable for the roll to roll electronic industry.
